

## Aims Aviation Safety Program Safety Meeting: Maintenance

Sam Brailsford of Hangar 1 will be discussing the maintenance inspections that are routinely done on our aircraft. He will discuss each inspection, what they look for and common problems they see. He will also be discussing several maintenance objects on display and what is wrong with them.

**Directions:** In the upstairs classroom.

### A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
